Hello Karla - we would like to schedule a call with you to discuss our response to the NOV at the Jeffersonville Federal Facility.

Currently, we are working with INAWC to transfer all water supply and distribution responsibilities to them. The plan includes transferring certain water lines and abandoning the ground water wells. GSA expects to have a tentative schedule from INAWC within a couple of weeks.

We would like to discuss:

- GSA's plan
- GSA's responsibilities to IDEM once all water supply and distribution responsibilities are transferred to INAWC.
- Any IDEM efforts related to the NOV.

Is there a day/time that works best for you?

Best Regards,

Dave Rauen
